That is enough of Tomb stones for this letter will tell you a few more next time. I have a picture of the Lutheran Church. It has quite a few of ~~the~~ families standing in front. I used to go there with Axel Buck my Grand father. I was there one Sunday when Stanley Harnn + David Aylsworth had a fight it broke up the Church service each one wrote for the newspapers in Waponee, and they wrote about one and another. I been there when they used to pass the Collection Box on a pole so they could reach every one in the pews. The two Babricks Herrington speaks of in Odessa was John my Grandfather and Wesley the shoe maker. We used to pass Wesley shoe shop on our way to school he had a tub to soak his leather in and us kids used to make our water in tub in the summer it smelt so bad Ladies wouldn't go in shop. He used to keep a couple of pigs and went to cheese factory with a wheel borrow with a half barrel. ~~But~~ Dad's Brother Stewart called him in the shop he run making wagons and the boys put a large Harel head in tub and covered it up with Carpet Wesley had the

had a hill to make by Sniders store.
he put the barrow down to rest when
he got home he went to dip whey out
and hit the stone. He sure had it in
for boys at Cheese factory. His wife Isabel
died and he batched by himself he was
very religious and read Bible by the side
window every evening. I used to go
up there and talk to him through the
vents on storm sack I could imitate
Isabels voice This went on for quite
some time He told every one about
his Wife spirit coming back they
thought he was out of his mind.

He came down one Sunday to my
fathers for dinner He told my mother
what a Comfort it was to talk to
Isabel.. About 2 evenings later I
had two or three of the Village boys
with me. My father appeared in the dark
and licked the bunch of us. Poor
uncle Wesley never heard his wife
any more I could not sit down for
a week. Hope you dont get tired
of my ramblings. Will see you in May
I will drive down

Sincerely Dean H Babcock

THUMB-NAIL HISTORY

BIOGRAPHY

(By J. P. Heffernan)

Jacob Babcock was of German-Dutch extraction and came from the United States because he felt no love for the Yankees. A blacksmith by trade, he set up shop in Bedford township where Joseph Badour had a sawmill. He married Catherine Frawley who had been born at sea while her family were coming from Ireland. They had a family of four sons and five daughters. Benjamin went to the vicinity of Detroit where he died at an early age. Peter was freight agent for the New York Central Railway at Oswego. James entered the employ of the C.P.R. at Smiths Falls and was an engineer on the Montreal run when he was fatally hurt in a fall from his engine during a sleet storm. Thaddens remained in Bedford. Hannah married Owen McGrain of Milford, Michigan. Mary married Martin Maxwell of Seeley's Bay and they lived in the vicinity of Watertown, N.Y. two sisters married Badour brothers and another became Mrs. Van De Waters.

The Joseph Badour Family
The Badours were of French origin and came to Perth with the first band of veterans in 1816. They were members of the De

Watteville Regiment which had served under Wellington in Spain. The outfit derived its name from an officer who was a native of Berne, Switzerland. It was a sort of British foreign legion in which many nationalities were represented. They were sent to help defend Canada in 1813 and were disbanded in 1815.

The French way of spelling the name is Bedard and the last "d" is silent. Those who wrote it by ear came up with many variations. Joseph was one of the sons of Simone Bedard, who had settled near Christie's Lake. When he started to school the teacher wrote his name Badour and so it has remained. He obtained a wooded tract in the township of Bedford, established a mill and married Mary O'Brien of third line of Bathurst. Their family consisted of one daughter and 10 sons of whom eight reached maturity. Louis married Catherine Babcock and they lived to celebrate their golden anniversary. Thomas married Margaret Babcock who only lived a few years. James married Catherine Quigley of Stanleyville. George married Mary Eliza Noonan. George and James were employed in the C.P.R. shops in Perth. When the shops were moved to Montreal George moved with them and became superintendent of the Angus shops. William went north and Thomas, Joseph, Declan and Peter went to Windsor. Mary Ann married Archie McDougald of Perth and later of Windsor. Louis became a sawyer in his father's mill. He had one of his own at Bolton Creek along the line of the Kingston and Pembroke railway for a few years. About 1895 he bought the Laurie property on the Tay. There was an old sawmill, a grist mill and a fine new house by a waterfall.

When the grist mill burned, the town of Perth bought the power rights and erected a plant to generate electricity. Louis was given a job in the power house, and free electric lighting in his house. Shortly before the start of World War I he bought a steam-powered sawmill along the Mississippi about two miles above Innisville. Much to the regret of his wife and

daughters he sold the Tay-side home to the Bowes family. Moving from a spacious house with electric lights to an ordinary house with kerosene lamps appeared to be a long step in the wrong direction. The mill was a busy place during the great war and for a few years thereafter. It has long since been dismantled. From early times the community has been known as Ferguson's Falls although there is little more than a shallow rapids in the river. The scene is dominated by an eminence which is called Pine Hill.

The family of Louis and Catherine Badour consisted of Joseph of Perth who now lives in Toronto with his family; Alphonsus who lives on the home farm; Florence M. of Toronto; Ursula (Mrs. Charles E. Yeater) of Callendar, Ont.; Etnel (Mrs. Charles Healey) (deceased) and Edith V., R.N. She is a graduate of St. Francis General Hospital Training School for Nurses and passed the test for Registered Nurses in 1925. She has shared many joys and sorrows these forty years.

Received your letter
Doug phoned and I
went and got it I
was just talking to
him on phone he
is coming east in

June or July as soon as weather and roads are
good. I will try and make it I am a lot better
now. I think most of my trouble started with
the worry over no mail for two months while
strike was on. My daughter in Halifax N. Scotia
phoned about every two weeks the other two
daughters live in California they were good
about calling also. I sure as hell missed
my eastern newspapers. I enjoy writing and
I like to hear from people. I hear from
Gladys & Walter Young also Charles Young and
Edith & Roy Hartman. I belong to the Alberta
Genealogical also the Kingston branch. They
are having a convention at Queens in
May. I had a nice letter from Mrs Hymas
U & in Calgary. her ancestors are all
from piston area. Walter & Gladys Young
built a new home straight back of Anglican
Church they have been there for a year
or two. They had the old bank building
sold and after they built their home the
Guy backed out. Some one that is building
the new homes at bath has it for an office.

My first page is where Sir John started out. This is where he ended on second page. This is one of the badges the senators wore at his funeral at Cataragui. I prize this badge. I had it gave to me when I was a kid. it is on black silk. That Philip Buck I have never hooked up with family. I think they speak of him in Hazel Mathews mark of honor. Elijah Buck built the first wagons in Chatham one of our ancestors also the Bucks

that run Stone foundry in Brantford. you spoke of Philip Smart. Joshua Booth son Benjamin Booth son Philip Booth sister married Parker Limmerrman. Parkers daughter married Byron Derbyshire. Byrons daughter married Smart from Brockville. That is a quick run down on his family. The store book I wrote to you about was Parker Limmerrmans store book from 1851. I got it from Parkers son Charles years ago in Odessa. I still have it here. There were no postage stamps in early days. Parker paid the stage that brought mail. Then charged it up in his store account book. It was all £ & s then later on changed to dollars. My grand father Babcock made a one horse lumber wagon. he was allowed 15 dollars on his store acc. I have been hunting up everything on Mr Cronycka. I have his 33 degree Masonic ring. Will show you when I am down. Will close

Nice to hear from you again I thought for a while you had gave me up. I will try to answer as best as I can. don't worry about being cut off on your oil and gas you will have to admit when Oil was discovered out here there was not one dime of money from the east went into it the older people out here still remember it. The whole trouble was they had the social credit government in Canada the first thing Albernath did was cancel the interest on the bonds and most of them were owned by eastern people and he wanted to make his own money. the federal government stopped the money idea. My mother owned Alberta Bonds. I am sure it was two or three years before they straightend up the interest. That is the reason when Oil came in the eastern financiers were afraid of the funny money policies of the Social Credit and would not put their money out here. So all the Oil & Gas wells were done by American Capital. They are the ones that put Alberta on the map. Now Trudeau & Mc Donald wants to cut out the American export within

the next five years. The eastern markets
never wanted our oil because they could
buy cheaper from foreign countries. They
still would not want it if the price
hadn't gone up with embargo from
Arab Countries. Ontario still don't want
us to have a Chemical plant ship
all Crude oil to Sarnia to make
work for thousands of Ontario people.
Then we got to pay the high freight
rates to get all our Chemicals we
use back. we pay more for gasoline
here than they do in Ontario I
know because I lived in Belleville
for three years. for natural gas down
there you pay through nose. They
buy it cheap here and the Companies
down there soak the hell out of all
the people. Before I moved to Belleville
I had a $1\frac{1}{2}$ storey house we heat house
cooked with gas also heated our hot
water tank and largest Bill here was in
February it cost us \$9.00. In Belleville
we had a smaller house we cooked
with Electric and I had 40 gal Electric
hot water tank all we did was heat
the house in Jan Feb are Bills were
\$28 + \$30 and it never was real cold
and we have no sales tax here and
not estate tax like down there so I
think you had better sell out and

Come to the west. That is the reason my wife & I came back we couldn't afford to live down there on our taxes we get our school tax back when you are 65. also all medical. Hospital. Eye glasses every three years. and false teeth when we need them. All the best of our beef goes down there and we pay more here for it then you get it down there. Ask Douglas Wright about the health plans. He is one of the head ones in Alberta Medical services so he has it all at his finger tips. enough Politics. Dr H.C. Burleigh M.D.C.M.

Received your letter with school register names I have the original. I sent the copies to Mrs Roy Hartman they are in my hand writing. There were enough pages left in back of register for me to make copies some of them I did with a glass they were faded bad. I went over to the Woodward's shopping Centre this afternoon and made you a copy of the Babocho and who they married around Terona Harrowsmith and Sydenham some grew up around Wilton and Yarker. Say if you run in to an extra copy of Kingston before the war of 1812 wrote by Preston I would like to have it I will send you what ever you think it is worth. I got from Dominion Head quarters copies of the Land Seiders of the R.C.L. I filed them with the other things ~~they~~ you have written. They are real good. Just received three books from Mike's today. Spend part of last Sat and Sunday with Doug Wright. You can punch another hole in the papers and put them in a binder With love for you
The very best wishes
Hean

Dear Cousin,-

I am leaving here on Sunday the 12th May and driving down. The snow is all gone and weather has been nice. We haven't had any flooding at Edmonton. I can leave my car at Walter Youngs, Gladys his wife is my Cousin. and I always see them. I wrote Robert Vanorder and he knows where the Ancestors are buried in Catarqui Cemetery. I also want to find where Leo Buck sr + George Buck jr is buried I think they are in Catarqui Cemetery. Leo Buck jr is my Great Great Grandfather on mothers side his wife was Hannah Snook their son Martin was baptized in St George's in Kingston on ^{17th Dec} 1809. Martin married Elizabeth Scott on 30 Nov. 1830 They had three sons Azel, Samuel, Absolom. There were some girls my mother often spoke of them. Azel was my Grandfather he married Rebecca Bates. Bringing a bunch of Books with me.

Sincerely Dean H Babcock

To His Excellency Francis Gore¹¹⁵
Esquire Lieut. Governor of the Province
of Upper Canada &c. &c. &c.
In Council,

The Petition of John Balcock of Ameliasburgh
Yeoman,

Humbly Sheweth,

That your Petitioner is Son of the
late John Balcock of the Township of
Ameliasburgh Yeoman, an Ensign in a
Provincial Corps in His Majesty's Service
during the American Rebellion - That
your Petitioner was born in the late Province
of New Jersey, in the now United States of
America - is of the Age of 39 Years - has
resided in this Province 24 Years and has
a wife and seven Children. That his
Father purchased from one Loucks
the West half of lot No 86 in the 5th
Concession of the said Township of Amelias-
burgh, the said Loucks being the original
Proprietor, for which a Patent issued to your
Petitioner's Father in his lifetime. That

the

said half lot was decided to be in by his
father, and your Petitioner has erected
in the rear end of the same a Saw-
mill and cleared upwards of seven
Acres thereby, supposing the said rear end
to be included in the grant from the
Crown - that he now finds the said half
lot consists of 150 Acres, and as the
location ticket to the original Prominee
only granted 100, the Patent issued to
his father does not cover the said rear
end on which he has erected his said
mill -

Wherefore your Petitioner humbly
prays that your Grace would be
pleased to take his case into consideration
and grant him the rear end of the
said half lot, containing about 50 Acres,
under the present regulations, in addition
to 200 Acres which he has received under
an order in Council about 16 years ago

And your Petitioner sheweth
prayer

Aug. 3, 1979

Dear Dr. Burling:

I am interested in tracing my family tree, that of the Babcock family, and in doing so, contacted Lt. Col. Harry Babcock in Napanee. He thought that you might be able to help me. My great-great grandfather was Alexander Babcock, who was born ca 1819 in Canada West. He married ① Fanny Bumhower ca 1838 and had issue Hester (b. ca 1839); Sylvester (b. ca 1842, m ① Charlotte Deline, dau. of John and Eliza of Richmond Twp, m ② Mary Deline, dau. of Jacob and Melinda of Richmond Twp. He is my great-grandfather); Sarah Jane (b. ca 1844, m. Wm. Perry of Napanee); Mary A. (b. ca 1846); and Frances (b. ca. 1858). In 1858, Alexander m ② Wilthey Ann Oliver and had issue Amelia Ann (b. 1869); Aaron (b. 1869); Ephraim (b. 1870); and more. I believe only Ephraim survived child

24
hood of this particular family. In 1851
and 1861, Alexander lived in or near Roblin,
Ont. In 1871 and 1881 he lived in Napanee.
I believe he died Dec 31, 1884 in the County
Isaacs. My problem is that I can't find
out who Alexander's parents were. Be-
cause of name similarities and from what
relatives do know I thought that his
parents might be Silas Babcock and
Fannie Irish of Ernestown, but I am
far from sure. Do you have anything
in your notes which might help me?
I would be grateful for any information
on the family.

Sincerely,

Mrs. Linda Corupe
